## **Come ONE! Come ALL!**

If you're a prude, put this book down...now. You've been warned. This is not a book to take home to your mother, unless she was part of the wild 1960s' Woodstock generation.

*Not Your Mother's Book...On SEX* is a look at the funny side of sex, not a blow-by-blow description of the act. It is a compilation of healthy, playful and irreverent stories about everything sex, from mature relationships to clandestine physical encounters, from surprising mishaps to embarrassing moments. You'll get wet reading it, because you'll pee your pants laughing.

With 69 carnal stories and chapters titles including "Best Laid Plans," "Sex and the Digital Age" and "Costumes and Props Required," this book is guaranteed to be a stimulating read, again and again.
